

Architectural drawing of a building facade showing a grid of windows and doors. The drawing includes dimensions, window types (e.g., W-2, W-3, W-4), and door types (e.g., D-1, D-2). It also shows structural elements like columns and beams. The drawing is labeled with "SZCZEGÓŁ "A"" and "POZ. 5.10".

Architectural drawing of a building facade showing a grid of windows and doors. The drawing includes dimensions, window types (e.g., Nr12 2#12 dodatkowo), and a section line A-A. A note indicates "POZ.5.1a" and "MERZCH".

Figure 1 displays 12 horizontal bar charts, labeled No.08 #8 to No.16 #8, showing the distribution of the number of nodes (N) for different values of the parameter 'a'. The horizontal axis represents the number of nodes (N), with major ticks at 3000, 1090, and 190. The vertical axis represents the parameter 'a', with major ticks at 1970, 1160, 870, 600, and 400. The bars represent the frequency of nodes for each 'a' value. The distribution changes as 'a' increases, with the number of nodes generally decreasing as 'a' increases.
